

# Benton Franklin County Medical Society 34th Annual CME Seminar 8 Hours Category I CME

February 23, 2018- Three Rivers Convention Center, Kennewick

## Course Agenda & Objectives

### 7:00-8:00 AM

Registration/Exhibits (Complimentary Beverage Service)

### 8:00-9:15 AM

#### Common Rashes Seen in Primary Care

Sidney Smith MD, FAAD, DermaHealth

Recognize the various causes of common lesions/rashes● Identify the characteristics of commonly seen skin disorders and develop an appropriate differential that leads to the most probable diagnosis● Formulate a treatment plan and follow-up procedure which includes referral to a dermatologist when necessary

### 9:15-11:30 AM (break at 10:00 AM)

#### Adverse Childhood Experiences (ACEs) and Their Impact on Adult Health

Teri Pettersen MD, FAAP

#### Implementing ACEs in Your Practice: Lessons Learned

Jennifer Balde MD, Lourdes Health Network

Summarize the Adverse Childhood Experience (ACEs) Study and its key findings● Discuss the impact ACEs have on adult health● Formulate strategies to incorporate the implications of ACEs into your busy practice

### 11:30 AM-12:30 PM

#### Opioid Prescribing Trends in our Community

Mary Catlin BSN, MPH, Washington Department of Health

Discuss preliminary data for our community on local prescribing, overdoses, and non-fatal overdoses● Review the Prescription Monitoring Plan (PMP), its benefits and applications● Review the standard of care for treatment for opioid use disorder with medication and discuss the treatment availability in our area● Develop a plan for adoption of the CDC and Agency Medical Directors Guideline on chronic pain, and discuss state level pain rules currently being developed

### 12:30 PM-1:00 PM Lunch (Provided)

### 1:00-2:15 PM

#### Medical Cannabinoids

Brian Lawenda MD, Northwest Cancer Clinic

Review the history of medical cannabinoids and describe their basic physiology and drug-drug interactions● Explain the approved indications for the state and federal laws pertaining to their medical and ethical use● Review evidence based conditions for which physicians might prescribe cannabinoids

### 2:15-3:30 PM

#### Hypertension: Screening and Management

Ian May MD, Clinical Faculty, Internal Medicine Residency, Providence

Screen for hypertension and pre-hypertension according to the most recent guidelines● Diagnose hypertension and pre-hypertension● Discuss patient management guidelines for hypertension● Engage patients in self management by providing tools and resources for lifestyle changes

### 3:30-3:45 Break

### 3:45-5:00 PM

#### Depression: Screening & Treatment

Farrukh Hashmi MD, Lourdes Counseling Center

Recognize identifying signs and symptoms of depression● Screen patients and assess the severity of depression and suicide risk● Review co-morbidity with medical illness and substance abuse● Choose treatment appropriate for the patient's clinical need

### Continuing Medical Education

The Benton Franklin County Medical Society is accredited by the Washington State Medical Association to provide continuing medical education for physicians.

The Benton Franklin County Medical Society designates this live activity for a maximum of 8 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity meets the criteria for up to 8 hours of Category I CME to satisfy the relicensure requirements of the Washington State Medical Quality Assurance Commission.

\*\*\*\*\*

Physician Assistants and Nurse Practitioners may submit *AMA Category I Credits*<sup>™</sup> to your Boards for approval. Registered Nurses: The American Nurses Credentialing Center and the State of WA accept *AMA Category I Credits*<sup>™</sup> for CE Competency Compliance.
